Personal 11

General Carter

We have some 37 employees in the Agency who have, over the years, donated more than three gallons of blood in the Agency Blood Denor Program. It seems to me that these people deserve some special recognition. The Office of Personnel has prepared that attached Certificate of Honor to be awarded to people when they have donated three gallons. I believe the certificates would be especially meaningful if you would agree to sign them. (We will correct the spelling before they go to the printer.)

Signed

L. K. White 1 5 JUL 1963

Remarks:

Attached is a finished draft of our proposed certificate for three-gallon blood donors and a rough draft of a similar certificate for keymen with 10 years service in the Blood Donor program.

We would appreciate your approval so that we can proceed with reproduction in time to have completed certificates available for the ceremony planned for August.

Colonel White:

- 1. The Red Cross presents a pen and a format certificate to each gallon donor. The pen for two, three and four gallon donors shows the number of gallons which have been given.
- 2. For the Agency, the Chief, Benefits and Services Division, Office of Personnel writes a special memorandum to people who have donated one gallon, and he writes a somewhat more laudatory memorandum to members of the "Two Gallon Club."
- 3. It is proposed that the attached Certificate of Honor be awarded to people who have donated three or more gallons. The certificate will be signed by the Director of Personnel and they would like to get General Carter's signature. They do not feel strongly about this, however, and would be pleased to have your signature.
- 4. In the event you would like to offer General Carter the opportunity to sign these certificates, I have drafted a blue slip for your initials to request General Carter's approval.

General Carter's approval.
